**Subject:** [External] Dominion Energy Rate Increase

Please vote no for the proposed 5.2% increase for Dominion Energy. American workers are taking a beating at this point in time with increased gas and food prices with no increase in wages. The constant increase in utility bills is draining single-parent incomes dry. It costs just as much to heat and cool a 3 bedroom home with one parent as it does with two parents. Consider all aspects of the community when you prepare to vote and know that not everyone is in a position to accommodate such an increase.

Thanks for you time-
